## World Wide Sporthorse Service

Hemmelhorst Sporthorses offers you a complete service. All of the information below is provided to inform you about our way of working.

### 1. Find the best horse for yourself and/or your clients at Hemmelhorst Sporthorses

Hemmelhorst Sporthorses offers you high quality show jumpers for all levels and in all ages. We will do our utmost to find the perfect horse for you and/or for your clients. On our website you can find a total overview of all our current horses and all the information which is needed, including photos and up-to-date videos.

Next to this we can offer you top horses from our large network of contacts in The Netherlands. All these horses are selected on quality, health, conformation, character and bloodlines.

Hemmelhorst Sporthorses has many years of experience with selling horses all over the world (click [HERE](#) for our references).

### 2. Your visit

You and/or your clients are most welcome to make a visit to our stable. Meeting each other in person can instantly provide you all the information you require. Our team is looking forward to meet you and/or your clients at our professional riding centre.

On your request, Hemmelhorst Sporthorses can arrange your visit to The Netherlands. We can pick you up from the Airport or any other place and we can take care of a hotel reservation when necessary.

If you would like to rent a car we can provide you all the information you need. During your visit we will show you horses which are selected on your personal criteria/needs and wishes.

## Hotels:

Hotels located less than 5 min. from Hemmelhorst Sporthorses:

- [Hotel van der Valk](#) (Hengelo, NL)
- [Hotel restaurant Jachtlust](#) (Hertme, NL)

## 3. Pre-Purchase Vet Check

When you have found the right horse, Hemmelhorst Sporthorses can arrange a complete and reliable vet check for your horse. For this, we are only working with experienced, specialized and licensed veterinarians. A sold horse will undergo a very strict clinical and radio graphically exam. If requested, we can sent the digital x-rays to veterinarians all over the world.

## 4. Blood tests

To export horses to foreign countries other than Europe, they must be tested on certain diseases. This happens by sending blood- and/or CEM samples to an approved laboratory for examination. For several years Hemmelhorst Sporthorses is working in partnership with the company Horse Service International, which is one of world's largest logistics companies in horse export.

This company is specialized in transporting horses to every conceivable national, international and intercontinental destination. The company is a member of the Animal Air Transportation Association (AATA) and has close contact with the EU Veterinary Committee in Brussels and the Food and Consumer Product Safety Authority (VWA) in The Hague.

For more information about Horse Service International [click here](#).

A physical medical examination by the government just before departure of the horse is necessary. This is to confirm that the animal is fit and healthy enough for the transport.

Obviously, it is possible to arrange the transport/export of the horse by yourselves, or in cooperation with an other company than referred to above.

## 5. Planning the (air) transport

After we have the results of the blood and CEM tests we can plan a final date for transport. The horses will be transported by the companies KLM Cargo Horse Transport or Martin Air mostly. The horses are taking care of as first class passengers with specific needs. Each horse shipment is accompanied by professional grooms, who monitor the condition of the horses and will ensure stress free transport.

No matter what the destination will be, the horse can be exported all over the world.

## 6. Arrival

In some cases, after the horse has flown and has arrived at the airport of destination, a quarantine period is necessary. Because the quarantine period is depending on the destination and gender of the horse, we can provide you all the information on request.

After this process is finalized the horse is ready to go to his/her new home.

## 7. Road transportation to new home

If requested, Hemmelhorst Sporthorses can organize the transportation from the airport to your home → which is the final destination of the horse mostly. We are working with local transport companies, therefore it is possible to deliver the horse to every requested place in the world.
